15  
16 37. The '576 Patent is invalid under 35 U.S.C. § 112 at least for failing to distinctly set forth the

18 **Count II - Unfair Business Practices, WASH. REV. CODE § 19.86.020**

19 38. Plaintiff repeats, re-alleges, and incorporates by reference the allegations set forth in Para-  
20 graphs 1 through 37.

21 39. Defendant has engaged in acts which violate Washington law including, without limitation  
22 through, in the course of business, disparaging the goods, services, or business of another by  
23 making a false or misleading representation of fact.  
24  
25  
26

40. Defendant made a false and/or misleading statement of fact to Amazon.com when it represented to Amazon.com that the Plaintiffs' respective Products infringed the '576 Patent.

41. Each Plaintiff has been damaged by Defendant's representations at least insofar as each Plaintiff has been prevented from selling its respective Products on Amazon.com and has lost income.

42. On information and belief, each time a company submits an infringement complaint to Amazon, like Defendant did, Amazon maintains a record of that complaint.

43. On information and belief, Amazon does not rank the complaints or reconsider the merits of the complaints in the event that they are determined, such as by a court, to be unfounded.

44. On information and belief, if a seller like each Plaintiff receives too many complaints, Amazon will permanently revoke its ability to sell on Amazon and may liquidate the seller's remaining funds.

45. On information and belief, if a seller's ability to sell on Amazon is revoked, it loses all of its reviews and Amazon site rankings.

46. Thus, even if a seller like each Plaintiff relaunches a product that had been complained of, but for example, a court had determined that the complaint was unfounded, the seller will have to rebuild its ranking which is extremely difficult to do.

47. Due to Defendant's wrongful Complaint, each Plaintiffs' Amazon seller profile has been permanently damaged, and each Plaintiff's Amazon.com seller account is at further risk of being revoked.

48. Defendant's submission of its wrongful Complaint to Amazon.com to effect the removal of the Products offends public policy and is unethical, oppressive, and unscrupulous.

49. Each Plaintiff is entitled to injunctive relief, damages, costs, and attorney's fees.

**Count III - Tortious Interference with Prospective Economic Advantage**

1 **50.** Each Plaintiff repeats, re-alleges, and incorporates by reference the allegations set forth in  
2 Paragraphs 1 through 49.

3 **51.** Each Plaintiff had a business relationship with Amazon.com wherein Plaintiff was permitted  
4 to sell their respective Products on the Amazon.com platform. Between 202 and 2024, Plain-  
5 tiffs sold Products through the United States and into Washington.

6 **52.** Each Plaintiff reasonably expected that it would continue to sell the Products on the Ama-  
7 zon.com platform.

8 **53.** Defendant was aware of the business relationship each Plaintiff had with Amazon.com, and  
9 knew that each Plaintiff, expected to continue to sell its respective Products on Amazon.com.

10 **54.** Defendant willfully, intentionally and unjustifiably induced Amazon to terminate each Plain-  
11 tiff's expectancy of continued sales of the Products on Amazon.com by making false claims  
12 of patent infringement against the Plaintiff.

13 **55.** Each Plaintiff has suffered damages as a result of Defendant's wrongful conduct at least inso-  
14 far as each Plaintiff has been prevented from selling products through Amazon.com, has lost  
15 sales, and its seller reputation has been damaged due to Defendant's tortious actions.

16 **WHEREFORE**, each Plaintiff prays that this Court enter an Order granting the following relief  
17 on the claims herein against Defendant:

18 **A.** A declaration that the claim of the '576 Patent is invalid;

19 **B.** A declaration that the '576 Patent is void and unenforceable;

20 **C.** Declaring that each Plaintiff is the prevailing party and that this is an exceptional case,  
21 awarding each Plaintiff its costs, expenses, and reasonable attorney's fees under 35 U.S.C. §  
22 285;

1 D. Awarding each Plaintiff damages for the injury it suffered due to Defendant's wrongful en-  
2 forcement of the '576 Patent;

3 E. Permanently enjoining Defendant and all those acting in concert or participation with it from  
4 attempting to enforce the '576 Patent and/or contacting third-parties to remove Plaintiff's or  
5 third-parties' products as infringing the '576 Patent;

6 F. Awarding each Plaintiff its reasonable attorneys' fees and costs under WASH. REV. CODE  
7 § 9.86.090;

8 G. Awarding each Plaintiff such other and additional and equitable relief as the Court deems just  
9 and proper.
